

ELISABETH KAHN, RA
Project Architect

Ms. Kahn has been providing Architectural Services since beginning her career as an Architectural Intern and Designer in 1983. She has served as Project Architect on a wide variety of project types. A versatile professional who has an extensive range of experience, she has completed and produced a long list of architectural and interior design construction documents on various project types including multiple and affordable housing, university, commercial, retail, residential and military buildings. With her broad base of understanding Structural, Mechanical, Electrical, Plumbing, Civil Engineering and Landscape Design principles she has written material and procedures specifications, consulted with code officials, building inspectors and contractors. This knowledge is a genuine benefit in translating clients' goals into real solutions.
