

JOHN J. MIDDLETON, P.E.

Mr. Middleton is a Principal in the firm. He is responsible for Engineering Design and Construction Contract Administration. He is a multi talented architectural engineer with over 20 years experience in structural, civil, HVAC, plumbing and electrical design and construction with an innate sensitivity to architecture. His responsibilities include interdisciplinary programming, coordination of the trades between owner, construction manager, consultants, and contractors. Additionally, Mr. Middleton is responsible for performing civil, structural, mechanical, plumbing, and electrical design for in-house engineering projects.

Mr. Middleton has significant experience with local school districts and has worked with the Boards of Education on projects totaling over \$100M. He has been a design team member on all of the firms significant projects including the US Federal Courthouse in Camden, United Parcel Service projects throughout the east coast, and the Cherry Hill Public Schools project.

Most recently, Mr. Middleton served as Project Principal for a \$52.6 Million Bond Referendum at Cherry Hill Public Schools and a \$26 Million Lease-Purchase. Renovation Project for Cherry Hill Public Schools.
