

Barclay Early Childhood Center

CHERRY HILL PUBLIC SCHOOLS

Scope of Services

- Educational Programming
- Interior Design
- Architecture / Engineering Design
- Construction Contract Administration

Program

Becica Associates assisted the Cherry Hill School District in the development of their long range facility plan that resulted in relocating and expanding their existing Early Childhood Program to accommodate increasing enrollments.

The existing 33,000 square foot facility was upgraded to house 270 students. Improvements included electrical service and distribution power upgrade, air conditioning, toilet room modernization, and window replacements as well as interior alterations to provide needed support spaces.

Features

- Seventeen classrooms
- Reading room
- Computer center
- Health office
- Administrative offices
- Child Study Team and testing areas
- Speech Therapy Suite
- Gym / Multipurpose Room w/ Stage
- Occupational / Physical Therapy
- Outdoor playground structure

Construction Cost

\$750,000

Completion Date

1999
