

Additions and Alterations to the Quarter Mile Lane Elementary

BRIDGETON BOARD OF EDUCATION

Scope of Services

- Educational Programming
- Interior Design
- Architecture/Engineering Design
- Construction Contract Administration

Program

Becica Associates was hired to update a 1960's vintage school building to meet the requirements of the current educational programs which were supported by the latest computer technology. The re-use of existing spaces maximized the building's efficiency.

Features

- Multi-purpose room
- Kitchen
- Planning Center
- Complete new electrical communications and fire alarm systems
- Life Safety upgrades
- 22 station fully networked Computer Classroom
- 8 completely renovated classrooms
- Administration and health offices
- New cooling and heating system that incorporated an energy conserving heat recovery system
- Conversion of existing all-purpose room into a modern instructional media center

Building Statistics

Existing Building:	15,000 sq. ft.
Addition:	8,850 sq. ft.

Project Cost

\$2.2 Million

Completion Date

1996
