

Governor Charles C. Stratton Elementary School

SWEDESBORO-WOOLWICH BOARD OF EDUCATION

**Governor Charles C. Stratton
Elementary School
Center Square Road
Swedesboro, New Jersey**

Scale and Scope of Project

As a result of significant growth in the communities of Swedesboro and Woolwich Township, the School District implemented a major school facility expansion project. Becica Associates provided Architectural and Engineering Services for the design of the New School as well as the addition and alterations to the Walter Hill School. A \$23.5 Million Bond Referendum which included the conversion of the Margaret Clifford School into an Early Childhood Center, construction of a new elementary school for grades 1 to 4 and addition and alteration to the Walter Hill School for grades 5 & 6.

Becica Associates assisted the School District in preparing their Long Range Facility Plan to accommodate the growth in the District through to 2005.
