

Scope of Services

- Pre-Referendum Services
- Educational Programming
- Department of Education Approvals
- Outside Agency Approvals
- Architecture/Engineering Design
- Interior Design
- Construction Contract Administration

Program

Deptford High School needed to replace an obsolete library and computer center to better meet the needs of its 1200 students. Becica Associates combined a new 23,000 square foot library and 10,000 square foot of computer instructional space and audio visual services space into one cohesive building. This facility now provides state-of-the-art equipment, materials and learning opportunities at the high school.

Features

- Library
- Computer classrooms
- Mainframe computer facility
- Automated interior lighting systems
- Air-conditioning throughout

Building Statistics

Building size: 33,000 sq. ft.

Project Cost

\$2.6 Million

Completion Date

September 1992
